

Omni-Directional Mobile Mount UHF Antenna

Applications: Vehicle mobile mount for roof or trunk.

Antenna Type: Omni-Directional.

Frequency: 896 to 970 MHz

Polarization: Vertical

Impedance: 50 ohms

Gain: 5 dBi

VSWR: < 2 to 1

Power: 200 watts

Antenna Material: Molded polymer

Mounting Hardware: Included

Antenna Connector: TNC-mrp connector with 17 feet integral LMR-195 cable

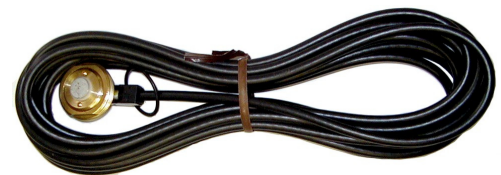

Antenna Mount Hole: 3/4 in.

Antenna Envelope: 16 in. length.

Weight: < 1 lb.
