

Amplifier Power Supply

Features

- 100-130 VAC or 200-260 VAC Input (Switch Selectable)
- Solid State Switching Supply
Over Current/Over Load Protection & Short Circuit Protection
- UL & cUL Approved (File No. E179076)
- FCC Part 15 Class B
- Three Conductor Power Cord
- Standard IEC Power Inlet
- Aluminum Anodized Black Chassis
- Steel Power Coat Wrinkle Black
- Three Limited Year Warranty

Specifications

- Input Voltage: 100-130 or 200-260 VAC 50/60 Hz
- Input Current @ 120 VAC: 2.5 A
- Output Voltage: 13.8 VDC
- Ripple: < 10 mV RMS
- Output Current: 10A (continuous)
12A (maximum)
- Size: 7.2" W X 8.7" D X 2.2" H
- Shipping Weight: 3.0 LBS.
- Operating Temperature: -20 to 50 degrees C.
- Cooling: Free Air Convection
- AC Power Cord Length: 1.5 m
- AC Input Power Connector: U.S. Prong (Type 1)
